HAIDER M. SHWKAT

Computer Science Graduate

Baghdad, Iraq +964 771 896 4778 haider.m.shwkat@outlook.com

SUMMARY

Detail-oriented and ambitious Computer Science graduate with a solid operational background in Data Management, Administrative Support, and digital record keeping. Proven track record in managing large-scale databases (22K+ records), streamlining routine office paperwork, and monitoring attendance tracking workflows. Highly proficient in advanced Microsoft Excel reporting, official correspondence, and database integrity with strict adherence to confidentiality. Committed to leveraging strong organizational, technical, and analytical skills to deliver reliable HR and administrative operations.

EXPERIENCE

Administrative & Operations Support Associate — Techno Store, Baghdad 2025 – Present

- **Time & Attendance Tracking:** Monitored and verified employee clock-in/out records, overtime hours, and leave requests; reconciled monthly attendance data ready for payroll preparation.
- **Forms Digitization (DigitForm):** Converted manual paper forms and operational templates into standardized digital A4 formats, expediting internal archiving and approval turnaround.
- **Advanced Excel Analytics:** Built structured spreadsheets and recurring operations reports using Microsoft Excel with a proven 100% accuracy rate.
- **Cross-Departmental Coordination:** Facilitated seamless administrative communication between operations, sales, and accounts, ensuring consistent workflow continuity and policy compliance.

Office Services & Documentation Associate — University library 2023 – 2024

- **Document Formatting & Correspondence:** Drafted, formatted, and proofread official letters, forms, and administrative documentation using Microsoft Word with rapid typing and meticulous precision.
- **High-Volume Record Archiving:** Organized, categorized, and managed a digital archive of over 22,000 documents and records, maintaining strict adherence to client privacy and confidentiality.
- **Routine Office Operations:** Executed scanning, digital archiving, filing, and customer inquiry processing, resolving routine requests under tight deadlines.
